

PUBLIC MEETING

WITH THE COUNTY ENGINEER ON IMMEDIATE CHANGES TO KEMP MILL ROAD

MONDAY, 7PM, AUGUST 22, 2016
KEMP MILL SYNAGOGUE, 1ST FLOOR
11910 KEMP MILL ROAD

Greetings Kemp Millers,

Khursheed Bilgrami, the County Dept. of Transportation engineer in charge of current road safety improvements on Kemp Mill Road, will be meeting with the community this coming Monday, August 22, at 7pm at KMS Synagogue, to present his plans and designs, and to hear from us. This is his third public meeting with the community, and we hope to get all the work done this year, before winter. Besides making changes to prevent more crashes at 12020 Kemp Mill Road, elements of the road design include a pedestrian refuge island, another island to **guide** traffic, a narrowing of lanes to slow traffic, bike lanes, buffer zones with flexible reflective posts, and more. Come to hear, see, and participate in the development of a different and safer Kemp Mill Road.
